CITY POLITICS.

The Nominations-The Exclusive Annonneement in the Herald-How They were Received in the City-The Senaterial Slate-The Nominees-

The Assembly Slate-The County and Sena'erial Conventions.

The Henald yesterday presented to its yesders, under the head of "City Folitics," and in a brief edi-torial, the first and exclusive information of the Judiciary and Senatorial states as made up in nomi-nating canonses for the formal action of the Tammany Nominating Convention. The information we has published created a great deal of excitement, and, se usual, when we "startle the town" with intelligence that the other "dailies" have not awakened to the idea of, the question of the whereabouts of the mysterious influence of the Herald, its source and origin and in what it consists, and who are the amiliar spirits that minister to it, becomes the subfamiliar spirits that minister to it, becomes the sub-ject of ever endless and interesting debate. The clate for the Tammany nominations, as we gave it yesterday morning, was the whole topic of conver-cation and discussion. It had its effect even in Wall street, and there is no doubt that had it appeared on the morning of the Friday Wall street panic in time all the disasters of that unlucky day and its conse-quences would have been avoided. Following up yesterday's report, so fully given with regard to the Tammany Judiciary slate, the nominees and their claims, we present at somewhat greater length the course of the contest as it prevailed between the candidates for Senatorial honors and the claims of the candidates when the people come to pass upon them at the ballot box.
THE SENATORIAL SLATE—THE NOMINEES.

THE FOURTH DISTRICT, Senator Win. M. Tweed the candidate for renomination. Mr. Wm. M. Iweed, chairman of the Tammany General Committee, Grand Sachem of the wigwam, Deputy Street missioner and big Ingun in general, chief of the Columbia Order Hi-cok-alorums of the Americus Ciub. id "Best feather-in-your-cap" of the tribe of Fourth warders, is sure to be returned to Albany. There can be no effective opposition raised to Mr. Tweed's re-election. He carried the district in the last contest against the most popular man the opposition could possibly pit against him, Colonel James E. Kerrigan, with a majority of over ten thousand. Mr. Tweed is a power within himself, physically and ocially, that knocks all opponents out of time. He has infused his own spirit of schality and savoir de faire into the whole policy of the party, and being patented as a political broil extinguisher he is in great demand to all times, when difficulties arise. Without him fammany would be in a blaze at any time, and the whole organization would be consumed by any one of the peetry political firebrands that are continually sessiling it. In his past Senatorial career he acquired it maself with great credit to the party, to the sity and State, and he has ever held a most influential piace in the committees and in the discussions and debates arising thereon, and on the floor of the chamber upon all questions affecting the welfare, he know and interests of the people at large. His renomination will no doubt be most heartily andorsed. ially, that knocks all opponents out of

renomination with no quote be most hearthly endorsed.

Firth Distract (Senator Michael Norton's).—
There was for some time a great struggle for political life and death between Mr. Norton and the doctors who were called in to decide upon his case when it was called up. It was a serious case, in sect; but after the application of all the usual nostrous in such cases made and provided, and after a due period consumed in consultation, cancusing, savising, ear wigging and perhaps a little bleeding on the part of the patient, he was pronounced out of danger, and he will no doubt be able to make the journey to Albany to attend to his Senatorial duties at the proper time. Mr. Norton, like most of our now public men, is a self-made man. He has grown up in the district he has aircady represented for one term, and which he has the continued ambition to represent for another term. He is known to, and known sincet by every man, woman and child in it, and with one and all he is, as it were, a bousehold favorite. Two years ago he was enticed in the political arena, and even then his popularity with the masses was such that Tammany was compelled to take him as its candidate for Senator for the district. During his past Senatorial career he was a most pinctual attendant in his place in the Senate Chamber, and in the estimation of the Tammany body voted right upon every question effecting the interests of the ring or of the democratic party, in the present contest he could not have been overlooked, and Tammany has wisely given him the renomination. Political leaders ca nhot always have their way, and their best policy, in such a dilemma as the candidacy for the Fifth district presented, is to make a virtue of necessity. Whether such a consideration entered into the minds of the controlling spirit of the nomination or not it is needless now to speculate on. The fact is that Mr. Michael Norton will, beyond all democratic periadventure, represented Thomas J. Creanicr. As

radventure, represent the Fifth district in the next posisiature.

THE SIXTH DISTRICT Tammany nomines for resction is ex-Senator Thomas J. Creamer. As fore stated in the HERALD, a serious rupture was reastened in this district and an old-fashied democratic faction fight anticipated. Mr. aries G. Cornell, a former representative the district was for a time Mr. Creamer's oppone, but after a fair and manly canvass of the district was for a time Mr. Creamer's opponer, but after a fair and manly canvass of the district was for a time Mr. Creamer's opponer; for a fair and manly canvass of the district was compared to the country of the content of the country of th

district he discovered that the youthful adversary was popularly far ahead of him, and he gallanty made his congo and left the field. Mr. Greamer is exceedingly popular in the district, not only with the firsh, with whom he most fraternizes, but with the linsh, with whom he most fraternizes, but with the Germans, to whose frans and frantlens he pays court in the most approved manner of the gallant bachelor and refined politician. He railies to his standard sil nationalities—fries and Americans, all nationalities of Germans, High Duten and Low Dietch, Jew and Gentlie, the anti-excise men of every national beverage, from the German lager beer to the Irish usquebaugh. He is lord, in fact, of all he surveys, from Cow Bay to Mackerelville. Such is the ex-Senator, and such the present nominee of Tammany for the Sixth district.

The Seventa District.—John J. Stradley represented the Sainter. He has resclved the Tammany nomination for a new term, and will, undoubtedly, be re-elected. He is the only Senatorial candidate that is not or has not been opposed within the democratic ranks. He is such a favorite in the district that even the opposition parties will look upon any one they may tempt to make a run in it as embarking in a foriorn hope expedition. Mr. Bradley, besides his popularity, has commanded himself to the voters of the district, not only by his undeviating attention to their local interests, but by the ability he has evinced in dealing with all questions of public importance in the city and State. He has, next to Mr. Tweed, more than any other Tammany candidate, identified himself with the policy of the Regener, and is one of its ablest exponents and supporters.

The Englarm District.—The ex-representative of this district, Mr. Genet, has been overlooked for renomination, and for his place in the Senate Mr. Tariey; but that is settled. The weight and infusered to the latter with the Tammany ring, arising from the all-controlling power he excreised over the voice in his Gay manulation, that he is now before t

and to the speakership, a much more influential position than even that of a Senator.

No nouthations are as yet made on the Assembly texel. It is a scrub race at present in which every man may enter. The consequence is that the City Hall grounds are covered with them from sunny morn to dewy eve, ail as deeply intent upon the sixte as if a ghost of a chance was open to them. Where they reture to with the shades of evening it would be bard to tell, but the sunny morn of the state of the shade of evening it would be bard to tell, but the sunny morn of the sees many of them with their own or so obscured and generally under a cloud which it requires many smiles of the previous highes enchantress—the bottle—to dissipate. The great presthightateur, Peter Bemarck, will one of these days scrawl out a few names on a certain state, and, obedient to the magician's exortism—"ill, presto, change and begone"—the park will get rid of the political loafers that infest it and once signin offer an unobstructed passageway to the pecceptions passing through its shady walks.

BRANDRETH'S PILLS cleanse the internal organs as sonp does the skin-a single dose thus curing a violent sickness. Colds and coughs are the consequence of retained pills bring quick and lasting relief, and never fail. In fact BRANDRETH'S PILLS are more and more used as they become known. They invariably supplant other reduced. They restore health by taking from the bowels and the blood only unhealthy accumulations. They are harmless, yet searching and thorough in removing all impurities from the human system. Persons who use them reach a higher average of life than those who do not. Let the sick see to their interests and procure what is sure to relieve and per-

haps cure them. SING SING, Oct. 7, 1869 Hon. R. BEANDRETH, Sing Sing :-

I have been for many years a great sufferer from dyspepsia. I became so bad that it was only the lightest kind o food, and in small quantities, that I could digest at all, and I became in consequence very feeble. For years I followed the prescriptions of the best physicians, but I got ne relief, and at length I determined to give a trial to your pills. The first two or three doses made me quite sick; but they brought away much black and fetld matter, and I felt relieved of a load from my stomach and bowels. A few more doses cured me, and for over two years I have had no return and eat of everything without the least trouble from my stomach. In fact, my health could not be better, and I feel it to be my duty to make this statement that others may be advised what

has cured me, and I believe that Brandreth's Pills are capes ble of doing the same for others they have done for me. Yours truly.
